New safety information- see label

Fire hazard. Do not smoke or go near naked flames; clothing & bedding with this product dried on them can catch fire easily.

Do not use: in or around the eyes, on broken skin, for weeping skin conditions or if you are sensitive to any of the ingredients. Do not smoke or go near naked flames – risk of severe burns. Fabric (clothing, bedding, dressings etc) that has been in contact with this product burns more easily and is a serious fire hazard.

Washing clothing and bedding may reduce product build-up but not totally remove it. **Caution:** Eurax Cream is not recommended in pregnancy. Consult your doctor or pharmacist before using Eurax Cream if you are breastfeeding or suffering from genital itching. Eurax Cream should only be used under the direction of your doctor.

This medicine contains stearyl alcohol, methyl hydroxybenzoate which may cause allergic reactions /skin reactions e.g. contact dermatitis (possibly delayed) and perfume (including potential allergens benzyl alcohol (0.0187%), benzyl benzoate (0.0047%), citral, citronellol, coumarin, d-limonene, eugenol, geraniol, linalool) which may cause allergic reactions. This medicine also contains 0.45% w/w sodium lauryl sulphate in each application. Sodium lauryl sulphate may cause local skin reactions (such as stinging or burning sensation) or increase skin reactions caused by other products when applied on the same area. Although uncommon, itching may occur. Also rare are the following side effects: Rash, itchy rash, skin reddening, eczema and swelling of the face or throat. If Eurax is accidentally swallowed, contact your nearest hospital casualty department or tell your doctor immediately.
