

Psoriderm™ Scalp Lotion Shampoo

distilled coal tar 2.5% w/v

Read all of this leaflet carefully before you start using this medicine because it contains important information for you.

Always use this medicine exactly as described in this leaflet or as your doctor, pharmacist or nurse has told you. Keep this leaflet. You may need to read it again. Ask your doctor, pharmacist or nurse if you need more information or advice. If you get any side effects talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet. See section 4.

You must talk to a doctor if your skin condition is not improving or if it feels worse after 4 weeks.

What is in this leaflet:

1. What Psoriderm Scalp Lotion Shampoo is and what it is used for
2. What you need to know before you use Psoriderm Scalp Lotion Shampoo
3. How to use Psoriderm Scalp Lotion Shampoo
4. Possible side effects
5. How to store Psoriderm Scalp Lotion Shampoo
6. Contents of the pack and other information

1. WHAT PSORIDERM SCALP LOTION SHAMPOO IS AND WHAT IT IS USED FOR

- Psoriderm Scalp Lotion Shampoo is a shampoo treatment for scalp psoriasis (areas of raised, red, sometimes itchy, patches of skin, covered with silvery scales **without** any blistering or tenderness).
- The shampoo is for use by **adults, the elderly and children**.
- This product contains the active ingredient **distilled coal tar**, which stops itching and restores normal skin development.

2. WHAT YOU NEED TO KNOW BEFORE YOU USE PSORIDERM SCALP LOTION SHAMPOO

Do not use Psoriderm Scalp Lotion Shampoo:

- if you are **allergic (hypersensitive)** to distilled coal tar, or any of the other ingredients of this medicine listed in Section 6;
- on psoriasis that feels and looks sore and angry, or on pustular psoriasis (which is very tender, inflamed, and involves small blisters filled with pus);
- on infected skin.

Warnings and Precautions

Take special care when using this product: Keep the undiluted shampoo, and the lather, away from the eyes, mouth and the inside of your nose.

Other medicines and Psoriderm Scalp Lotion Shampoo

This product is not known to affect, or to be affected by, any other medicines.

Pregnancy and breast-feeding

This product can be used during pregnancy and whilst breast-feeding. The ingredients have been in widespread use in this and similar preparations for many years, without reports of problems. However, safety trials have not been conducted.

Driving and using machines

Using this product is not known to affect your ability to drive or use machinery.

3. HOW TO USE PSORIDERM SCALP LOTION SHAMPOO

Always use this medicine exactly as described in this leaflet or as your doctor, pharmacist or nurse has told you. Check with your doctor, pharmacist or nurse if you are not sure.

Use this product only as a shampoo to treat scalp psoriasis.

Use as a shampoo until the scalp looks and feels better or as recommended by your doctor, pharmacist or nurse. Psoriderm can be used daily if required, reducing frequency of use to once or twice a week as your condition improves. Thereafter, occasional use may be necessary.

For adults, the elderly and children:

- Wet the hair thoroughly.
- Apply a small amount of shampoo to the scalp. (approximately a quantity the size of a fifty pence piece / two Euro piece for short hair, adjusting up depending on length/thickness of hair).
- With the tips of the fingers, massage in thoroughly.

continued...

- Leave on for a few minutes.
- Remove as much lather as possible with the hands (this is important as it will take the scales with it).
- Rinse out.
- If necessary, repeat the steps above.
- Rinse out well under running water, then dry the hair as normal.

If the shampoo gets into the eyes, nose or mouth

This product, or the lather, may cause irritation if it gets into the eyes, nose or mouth. If this happens, rinse the affected areas with plenty of water.

If rinsing one eye, take care to avoid washing product into the other eye. If irritation persists, tell your doctor, pharmacist or nurse.

If you use more Psoriderm Scalp Lotion Shampoo than you should

Do not worry if you use too much shampoo, simply rinse hair under running water and continue as instructed above.

If you forget to use Psoriderm Scalp Lotion Shampoo

Do not worry if you occasionally forget to use this product, just carry on using it when you remember.

If there is no improvement after 4 weeks, or if your scalp condition seems to look or feel worse, discontinue use of the product and consult your doctor, pharmacist or nurse.

If you have any further questions on the use of this medicine, ask your doctor, pharmacist or nurse.

4. POSSIBLE SIDE EFFECTS

Like all medicines, this medicine can cause side effects, although not everybody gets them.

- The following can occur rarely, in which case you should **stop using the product**:
 - skin irritation;
 - acne-like eruptions;
 - skin photo-sensitivity (sensitivity to sunlight).
- In rare cases, it may stain the skin, hair or fabric.

Reporting of side effects

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet. You can also report side effects directly (see details below).

By reporting side effects you can help provide more information on the safety of this medicine.

United Kingdom
