Peel Here

This medicine is a demulcent. It coats the throat and relieves dry irritating coughs.

1. Before you use this medicine

Do not use the medicine if your child has....

- An **allergy** to any of the ingredients listed in section 3.

Pregnant or breastfeeding....

Ask your doctor or pharmacist for advice before using this medicine if you are pregnant, might be pregnant or are breastfeeding. Simple Linctus Paediatric should not be used in pregnancy unless the doctor has told you to do so.

Important ingredient information

This medicine contains:

- 4.4g of sucrose per 5ml dose. To be taken into account in people with diabetes mellitus. If you have been told by your doctor that your child has an intolerance to some sugars, contact your doctor before giving this medicine.
- 2.5mg sodium benzoate per 5ml dose.
- less than 1mmol sodium (23mg) per 5ml dose, that is to say essentially 'sodium-free'.

2. Possible side effects

Like all medicines, this medicine can cause side effects, although not everybody gets them. Hypersensitivity/allergic reactions are possible with this product (frequency unknown).

If taken excessively above the stated dose, glycerol present in the medicine may cause headache, stomach upset and diarrhoea.

If you notice any side effects, stop use and tell your doctor or pharmacist. They will tell you what to do.

Reporting of side effects

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet. You can also report side effects directly via the Yellow Card Scheme at www.mhra.gov.uk/yellowcard or search for 'MHRA Yellow Card' in the Google Play or Apple App Store.

By reporting side effects you can help provide more information on the safety of this medicine.

3. Further information

If you accidentally give too much see a doctor straight away. Take the pack with you to show which medicine your child has swallowed.

- Do not use after the expiry date. The expiry date refers to the last day of that month.
- Return any unused medicine to the pharmacy for disposal.

The active ingredient per 5ml is: citric acid monohydrate (E330) 31.25mg.

The other ingredients are: aniseed flavour (contains propylene glycol), sodium benzoate (E211), glycerol (E422), sucrose and purified water.
