

Oilatum® Cream

is an emollient (softening, soothing agent) used in the treatment of eczema and related dry skin conditions. **Oilatum® Cream** forms a protective film which moisturises, soothes, softens and rehydrates the skin. It is especially effective after washing. It is suitable for people allergic to lanolin.

Directions

Apply to the affected area. Use as often as required or as directed by your pharmacist or doctor. **Oilatum® Cream** is especially effective if applied immediately after washing, to counteract the loss of essential oils from the skin. **Oilatum® Cream** is suitable for adults and children.

NEW SAFETY INFORMATION - SEE LABEL

Cream
light liquid paraffin
white soft paraffin

For eczema and related dry skin conditions

Soothes, softens and rehydrates
Relieves itching
Suitable for adults and children

Fragrance free

Fire hazard. Do not smoke or go near naked flames; clothing & bedding with this product dried on them can catch fire easily.

Warnings

Avoid using the product if you are sensitive to any of the ingredients. If an adult uses this product whilst breast-feeding, wash all traces prior to feeding.

Do not smoke or go near naked flames - risk of severe burns. Fabric (clothing, bedding, dressings etc) that has been in contact with this product burns more easily and is a serious fire hazard. Washing clothing and bedding may reduce product build-up but not totally remove it.

Reporting of side effects

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed on this carton. You can also report side effects directly via the Yellow Card Scheme at:

www.mhra.gov.uk/yellowcard.

By reporting side effects you can help provide more information on the safety of this medicine.

Use this medicine only on your skin.

KEEP OUT OF THE SIGHT AND REACH OF CHILDREN.
