Treatment for Eczema, Dermatitis & Insect Bites

1. WHAT Hc45 IS USED FOR: Hc45 works by altering the body's responses to inflammatory reactions due to irritant contact dermatitis, allergic contact dermatitis, insect bites and mild to moderate eczema.

2. BEFORE YOU USE Hc45: Use this medicine only on your skin to cover the affected area. Do not cover with a dressing. Do not use if allergic to any of the ingredients. Contains Cetostearyl Alcohol which may cause local skin reactions (e.g. contact dermatitis).

Do not use on the eyes, face, anal or genital areas, on broken skin or infected skin, e.g. impetigo, cold sores, acne, athlete's foot or infected bites and stings. Do not use in pregnancy, breast-feeding or in children under 10 without medical advice.

3. HOW TO USE Hc45: Use sparingly on small skin areas, once or twice a day for a maximum of 7 days.
If the condition does not improve, consult your doctor.
