Pierce tube seal with point in top of cap.

1. WHAT Hc45 IS USED FOR: Hc45 works by altering the body's responses to inflammatory reactions due to irritant contact dermatitis, allergic contact dermatitis, insect bites and mild to moderate eczema.
2. BEFORE YOU USE Hc45: Use this medicine only on your skin to cover the affected area. If your condition worsens during use consult a pharmacist or doctor – you may be experiencing an allergic reaction, have an infection or your condition requires a different treatment. If you experience a recurrence of your condition shortly after stopping treatment, within 2 weeks, do not restart using the cream/ointment without consulting a pharmacist or doctor. If your condition has resolved and on recurrence the redness extends beyond the initial treatment area, and you experience a burning sensation please seek medical advice before restarting treatment. Do not cover with a dressing. Do not use if allergic to any of the ingredients. Contains Cetostearyl Alcohol which may cause local skin reactions (e.g. contact dermatitis). Do not use on the eyes, face, anal or genital areas, on broken skin or infected skin, e.g impetigo, cold sores, acne, athletes foot or infected bites and stings. Do not use in pregnancy, breast-feeding or on children under 10.

without medical advice.
 Contact your doctor if you experience blurred vision or other visual disturbances.
 Check tube seal is intact before first use, then remove it.
3. HOW TO USE Hc45: Use sparingly on small skin areas, once or twice a day for a maximum of 7 days. If the condition does not improve, consult your doctor.
4. POSSIBLE SIDE EFFECTS: May cause local skin reactions and blurred vision. Steroid withdrawal reaction: If used continuously for prolonged periods a withdrawal reaction may occur on stopping treatment with

some or all of the following features: redness of the skin which can extend beyond the initial area treated, a burning or stinging sensation, intense itching, peeling of the skin, oozing open sores. If anything unusual happens, stop using the product. If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed above. You can also report side effects directly via the Yellow Card Scheme at: <http://www.mhra.gov.uk/yellowcard> (UK) or via <http://www.hpra.ie> (Ireland). By reporting side effects, you can help provide more information on the safety of this medicine.
5. HOW TO STORE THIS MEDICINE: Store below 25°C.
