

Neutrogena® T/Gel®

Therapeutic Shampoo
Neutar™ Solubilised Coal Tar Extract

What the medicine is for

Neutrogena® T/Gel® Therapeutic Shampoo is a fragranced medicated shampoo which should be used two or three times a week, for the treatment of itchy, flaky scalp disorders such as dandruff, psoriasis and seborrhoeic dermatitis. Regular use helps control these problems, while leaving your hair shiny and manageable.

The shampoo can be used by adults and children aged 12 years and over.

Before using the shampoo

This product is suitable for most people. If you are in any doubt about using this product talk to your doctor or pharmacist.

X Do not use this product if you have

- Had a bad reaction to coal tar or any ingredients in this product.
- Inflamed or broken skin.
- A rare and severe form of psoriasis causing redness, inflammation and blistering of the skin (erythrodermic or pustular psoriasis).

If any of the above applies talk to your doctor or pharmacist.

A Special Warnings about the product

- If contact with eyes occurs rinse thoroughly with water.
- Coal tar may cause your skin to react to sunlight after use, so you should avoid direct sunlight immediately after use.
- In rare cases, there may be temporary discolouration of grey, blonde, bleached or tinted hair.

A Pregnancy and Breast-feeding

Do not use if you are pregnant or breast-feeding unless recommended by your doctor.

A Some of the ingredients can cause problems

- Methyl (E218) and Propyl (E216) parahydroxybenzoate may cause allergic reactions which could be delayed.
- Esters of benzoic acid, benzyl benzoate and butylated hydroxytoluene (E321) can mildly irritate the skin, eyes and mucous membranes.

How to use this product

This product is for cutaneous and external use only. This means it should only be used to treat the skin on your scalp.

Applying the Shampoo

- 1) Wet hair thoroughly.
- 2) Apply liberal amounts of shampoo and massage into the scalp to form a rich lather.
- 3) Leave the lather on the scalp for several minutes.
- 4) Rinse and repeat the application once more.
- 5) Rinse thoroughly, avoiding contact with eyes.

i Children under 12 years of age

Should not be used by children under 12 years of age.

i Adults and children aged 12 years and over

Apply the shampoo as described above two or three times a week.

- Treatment should last about 6 weeks. If there is no improvement after 6 weeks consult your doctor or pharmacist.
- If irritation develops, stop using the shampoo and contact your doctor if necessary.

A If anyone has swallowed this product

If you or your child accidentally swallows T/Gel® Shampoo, contact a doctor or your nearest accident and emergency department (Casualty) right away, taking this pack with you.

Possible side-effects

Like all medicines, this product can cause side-effects, although not everybody gets them.

Effects which may occur include:

- Swelling of the face, lips, mouth, tongue or throat which may cause difficulty in swallowing or breathing.
- Allergic reactions including itchy rash and sensitivity to light.
- Dry hair, hair loss or changes in hair colour.
- Eye or skin irritation, burning sensation, itching, dry scalp, acne like breakouts or rash.

Reporting of side-effects

If you get any side-effects, talk to your doctor, pharmacist or nurse. This includes any possible side-effects not listed in this leaflet. You can also report side-effects directly via the Yellow Card Scheme at: www.mhra.gov.uk/yellowcard or search for MHRA Yellow Card in the Google Play or Apple App Store. By reporting side-effects you can help provide more information on the safety of this medicine.

Storing the Product

Keep out of the sight and reach of children.

Store away from direct sunlight.

Do not store above 25°C. Do not use after the expiry date printed on the top of the carton.

Retain carton for full instructions.
