

Information for the user

A HOMEROPATHIC MEDICINAL PRODUCT

Bruise Relief Arnica Cream *Arnica Montana 1X*

Read all of this leaflet carefully because it contains important information for you.

This medicine is available without prescription to treat minor conditions. However, you still need to use it carefully to get the best results from it.

- Keep this leaflet, you may need to read it again
- Ask your pharmacist if you need more information or advice

What this medicine is for

A homeopathic medicinal product used within the homeopathic tradition for the symptomatic relief of bruises.

Before you use this medicine

This medicine can be used by adults and children. However, some people should not use this medicine or should seek the advice of their pharmacist or doctor first.

X Do not use:

- **If you are allergic** to any of the ingredients or to plants of the Asteraceae (Compositae) family (such as daisies, marigolds or artichokes)
- **If the skin is broken or irritated**
- **If you are pregnant or breastfeeding**

! Talk to your pharmacist or doctor:

- If you are taking any other medicines, including medicines prescribed by your doctor and any medicine you have bought for yourself, including herbal and homeopathic remedies

Other important information

Information about some of the ingredients: Cetostearyl alcohol may cause skin reactions (e.g. contact dermatitis).

Methyl parahydroxybenzoate (E218) and propyl parahydroxybenzoate (E216) in this medicine may cause allergic reactions (possibly delayed).

✓ How to use this medicine

Check the tube seal is not broken before first use. If it is, do not use the cream.

Age	How to use	How often to use
Adults, the elderly and children	Apply gently to bruised areas	Four times a day, as needed

Avoid contact with the eyes and mucous membranes, such as the mouth and nose. For use on the skin only.

Wash hands before and after use.

Do not use more than the amount recommended in the table.

Do not use for more than 7 days

Stop using this product if skin becomes red, dry or irritated. If symptoms worsen or do not go away after using the product for 7 days, talk to your doctor or qualified healthcare practitioner.

If you use too much or if anyone accidentally swallows some of the medicine: Talk to a pharmacist or doctor. Take your medicine and this leaflet with you.

Possible side effects

Most people will not have problems, but some may get some of these:

- Allergic skin reactions (itching skin, rash or contact dermatitis e.g. skin becomes inflamed, red or itchy) the frequency of these effects occurring is not known. If you notice any side effects discontinue use of the product and tell your doctor or pharmacist.

Reporting of side effects

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet. You can also report side effects directly via the Yellow Card Scheme at: www.mhra.gov.uk/yellowcard or search for the MHRA Yellow Card in the Google Play or Apple App Store. By reporting side effects, you can help provide more information on the safety of this medicine.

How to store this medicine

Do not store above 25°C.

Store in original container.

Keep this medicine in a safe place out of the sight and reach of children, preferably in a locked cupboard.

Use by the date on the end flap of the carton.
