Hydrocortisone 100 mg

Powder for solution for injection/infusion

Hydrocortisone sodium succinate

Head of all this leaflet carefully before you give this medicine because it contains important information for you.

Keep this leaflet with the medicine. You may need to read it again.

If you have any further questions please ask your doctor or pharmacist.

If you get any side effects, talk to your doctor or pharmacist. This includes any possible side effects listed in this leaflet.

What is this leaflet about

1. What is Hydrocortisone and what is it used for

Hydrocortisone 100 mg is available as a solution for injection into muscle or as hydrocortisone sodium succinate.

Hydrocortisone belongs to a group of medicines called corticosteroids or steroids. Corticosteroids are produced naturally in your body and are important for many body functions.

Boosting your body with extra corticosteroids such as Hydrocortisone can help to manage conditions that cause your body to make too little of these natural hormones.

Bowel and gut e.g. Crohn’s disease (inflammation of the gut or bowel that causes stomach pains and bloody stools).

Skin e.g. Eczema (inflammation of the skin causing dry skin and itching) or psoriasis (thick, red patches on the skin, which may itch or bleed).

In this leaflet

6. Contents of the pack and other information

1. What Hydrocortisone is and what it is used for

2. What you need to know before you are given Hydrocortisone

Hydrocortisone must not be given:

3. How Hydrocortisone is to be given

Tell your doctor or nurse if you are taking or have recently taken any other medicines.

You should only be given Hydrocortisone if your doctor or nurse thinks it is necessary.

Consult your doctor or pharmacist if you want to start treatment

Consult your doctor if you get any of the above side effects

If any of the side effects get worse, or if you experience any other side effects this leaflet does not mention, tell your doctor or nurse.

Pregnancy and breastfeeding

If you are pregnant or planning to have a baby, ask your doctor or advise your doctor before you can be given Hydrocortisone.

In local anaesthetics (local anaesthetic)

If you have any of these medicines, tell your doctor or nurse:
