

Pharmacy Eye Drop Instruction Card

To be provided to the patient via their healthcare professional

PATIENT INSTRUCTIONS FOR USE- Usage instructions for the patient

- Detach the card and take it with you to your pharmacy.
- Present the card to your pharmacist who will help you and provide preservative-free artificial tears eye drops for use as directed by your doctor.
- You do not need a prescription for the over-the-counter preservative-free artificial tears eye drops.
- Carry the card with you at all times and present it to your pharmacist at each visit.

Dear Pharmacist,

This patient is on treatment with belantamab mafodotin▼ and has been directed to use preservative-free artificial tears eye drops.

The eye drops can be any over-the-counter brand.

Please help the patient select preservative-free artificial tears eye drops.

Drops**

Directions for Use (to be completed by Eye Care Professional prior to treatment)

Adverse events should be reported. Suspected adverse drug reactions (ADRs) should be reported to the MHRA via:

- **The Yellow Card website <https://yellowcard.mhra.gov.uk>**
- **The free Yellow Card app available from the Apple App Store or Google Play Store**
- **Some clinical IT systems (EMIS/SystemOne/Vision/MiDatabank) for healthcare professionals**

Alternatively, you can report a suspected side effect to the Yellow Card scheme by calling 0800 731 6789 for free, Monday to Friday between 9am and 5pm.

Adverse events should also be reported to GlaxoSmithKline at uksafety@gsk.com
