IMLYGIC®

If you get any side effects talk to your doctor, pharmacist or nurse.

Please report side effects to the MHRA through the Yellow Card scheme, via the Yellow Card website:

<http://www.mhra.gov.uk/yellowcard>, or the free Yellow Card app available in the Apple App Store or Google Play Store.

Alternatively you can call 0800 731 6789 for free, Monday to Friday between 9am and 5pm.

By reporting side effects you can help provide more information on the safety of this medicine. Always provide the batch number from your Patient Alert Card when reporting side effects.

If you or one of your close contacts develops a herpetic lesion (for example cold sore), please call the doctor (name and phone number provided on front).

Following treatment, cold sores are common and the lesion can be tested to determine if it is caused by IMLYGIC®. IMLYGIC® is sensitive to the antiviral drug acyclovir and a possible infection can be treated with this drug as determined by your doctor.

You can get more information from:

IMLYGIC® Package Leaflet and Patient Safety Brochure available from your doctor, online at <http://www.medicines.org.uk/emc/> or via Amgen Medical Information on 01223 436441 or at gbinfoline@amgen.com

INSTRUCTIONS TO PROVIDER:

A new card is to be completed with the first administration of IMLYGIC®. Record the batch number for every administration of IMLYGIC® on this card. Please supply a new card to the patient if needed during treatment.

INFORMATION FOR HEALTHCARE PROFESSIONALS:

IMLYGIC® Summary of Product Characteristics is available online at <http://www.medicines.org.uk/emc/>
