

Keytruda®

Explanatory note on update to Risk Minimisation Materials

The Patient Information Brochure and Patient Alert Card have been updated in order to remove the black triangle symbol and associated text as Keytruda has been removed from the list of products that are subject to additional monitoring (in accordance to Article 23 of Regulation (EC) No 726/2004).

The updated materials are not being mailed to all the HCPs as per previous updates but will be provided in response to requests.
