

**Not all possible side effects are listed on this card.**

- ▶ All the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements. Know the medicines you take. Keep a list of them to show your doctor.

#### Reporting side effects

▼ This medicine is subject to additional monitoring. This will allow quick identification of new safety information. You can help by reporting any side effects you may get. If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in the package leaflet. You can also report side effects directly via the Yellow Card Scheme at [www.mhra.gov.uk/yellowcard](http://www.mhra.gov.uk/yellowcard), or search for MHRA Yellow Card in the Google Play or Apple App Store. By reporting side effects you can help provide more information on the safety of this medicine.

For Healthcare Professionals: In Case of Emergency, I am currently being treated with ENHERTU®.

## Before Starting Treatment with ENHERTU® and before each infusion

### Tell your doctor about

- ▶ Any lung or heart problem you have or have had in the past, in particular if you have a history of lung problems, including inflammation of the lung known as interstitial lung disease (ILD).
- ▶ Any problems with your kidneys.
- ▶ Any other medical problems you have or have had in the past.

Daiichi-Sankyo | AstraZeneca

Version 3 | 03.2023  
ADC/22/0332 | March 2023

This booklet has been produced and paid by AstraZeneca and Daiichi Sankyo

**Please keep in the event of you experiencing lung related conditions**

## Patient Card

ENHERTU® (trastuzumab deruxtecan)

- cough,
- shortness of breath,
- fever,
- or other new or worsening breathing problems

You should seek medical assistance as soon as possible. Under no circumstances should you attempt to treat these symptoms yourself.

## Serious Lung Problems that May Occur with Your Treatment

Patients treated with ENHERTU® may be at risk of serious and potentially fatal side effects of lung problems. Early detection and treatment of lung problems are important to reduce this risk.

**Talk to your doctor straight away if you get any of the following symptoms or if any of these symptoms persist or worsen:**

▶ This patient card has been provided to you because your doctor has prescribed you ENHERTU®.

▶ This Patient Card helps you to identify symptoms of lung problems that you may experience with ENHERTU®.

▶ Read this information before you start receiving ENHERTU® and before each infusion.

▶ You should keep this card with you at all times and show it to any doctor you consult (for example, if your regular doctor is unavailable or if you are travelling).
